**PART II: EVALUATION OF COMPETENCES (20 MARKS)**  
**SECTION C: READING COMPREHENSION (10 MARKS)**

Read the text below and answer the questions which follow it. Use your own words.

Good afternoon listeners. This is New Radio, your local up-to-date radio service. You asked about the informal housing in the community, so we investigated.

At the moment, there are more than 5000 families living in informal dwellings around our beautiful city. The houses were built without building permits from the town council. As a result, the homes do not have access to basic services. They have neither running water nor proper sanitation. Some of the houses have illegal electricity connections, which are dangerous. There is garbage all over the place and there are no proper roads either. The area has become an unhealthy environment. And when the rain starts, it's going to be even worse!

The problem is that there is no affordable accommodation in the city. People can't afford to buy or rent the houses and apartments that are available in the city.

Something needs to be done. So listen in with your suggestions.
